

GRINDERS

SPLUGA

# PRODUCT OVERVIEW

Prepare to transform your morning coffee ritual with *Rocket's* latest innovation: *Spluga* and *Spluga Élite* coffee grinders.

Inspired by the legendary Italian mountain passes of the *Giro d'Italia*, the *Spluga* grinders capture the spirit of adventure, as well as the consistent determination of the professional cyclists who conquer them.

Precision engineering ensures the grind quality of every dose is perfect. The resulting cup is smoother with a better flavour profile, delivering you the energy to attack your mountains every day.

The two grinders introduce *innovative features* and *technologies* designed to meet diverse market needs.

Developed in collaboration with *V12 Design Studio*, the grinders boast a distinctive style, highlighted by an advanced 3.5-inch *Touch Screen display* and an intuitive *Human-Machine Interface (HMI)*.

# SPLUGA

## MAIN FEATURES

Ø 65 mm flat burrs

---

Motor power: 480 W  
1400 rpm (50 Hz) 1680 rpm (60 Hz)

---

Instant productivity (espresso): 2,6 – 3,3 g/s

---
